

Good Friday afternoon Sacred Heart Families!

I pray that your household is indeed healthy and happy during this difficult time. Today I had a parent stop by sharing the unique family relationships that were developing during the day at home with her children. Obviously, the time we spend with our families is special, but prior to our current situation many may have taken the family dynamics for granted and that the routines became predictable. There is no doubt, in my mind anyway, that we will come through this stronger in our Faith, closer as a family, and more compassionate as individuals. Our children will continue to look at us for guidance and assurances that all will be good. God will protect us as we help to protect others.

During this Lenten Season we wanted to make our Living Stations available to your family. You can access our Living Stations several ways including watching them on WCTV, Facebook, and our website <http://sacredheartexcellence.com/>

The Living Stations also will be aired on WCTV, channel 17. You can view when it will be available to watch using this link:

<https://www.wadsworthcity.com/281/Watch-WCTV>.

All families can view all new and older programming on demand at WatchWCTV.com.

Report cards will be sent home on Monday March 23rd.

Hopefully you are keeping your sanity and not being overwhelmed by the work and expectations. Since we are not sure about the return to school, the due dates for work are flexible with most of the teachers. Please reach out to them, the aide who works with your child, or the Intervention Specialists for support. Call me if you have questions or concerns.

A huge shout out is extended to the following students who have been selected as the 3rd nine week, beAttitude Award winners. Each has displayed Christ like characteristics in their relationships with others.
