

## ***Math Fluency Summer Work***

Dear 3rd Grade families,

During the upcoming school year, your child will learn many new math skills, including: multiplication, division, fractions, perimeter, area, and many more! To prepare your child for 3rd grade, we must make sure to begin with a solid foundation in addition and subtraction. We have put together a series of practice pages for your child to work on the following skills:

- 1 digit addition within 10
- 1 digit subtraction within 10
- 2 digit addition
- 2 digit subtraction (with borrowing)
- 3 digit addition
- 3 digit subtraction (with borrowing)

In the same way that our reading fluency and word recognition improves the more we read, the students' math fact fluency will improve the more they practice. **This practice packet will be due on the first day of 3rd grade, and will be entered in as a math assignment.** Please ensure that your child completes this packet and returns it on the first day of school. Thank you and have a wonderful summer!

Sincerely,

The Third Grade Teachers

## *Summer Penmanship*

Dear 3rd Grade families,

The students have been working hard this school year to learn cursive writing and obtain their cursive license. What a beautiful gift to be able to read and write the same script that many historical documents were originally written in; for example, the Declaration of Independence and the Constitution, which can still be viewed in Washington D.C. Even today, many of the signs and logos we see around us feature script or cursive writing.

In order to maintain their fluency with cursive writing and improve overall penmanship, we have put together some penmanship exercises for summer, beginning with letter formation and ending with sample passages from the Bible. This penmanship packet will be due on the first day of the 2025-2026 school year and will be the first penmanship grade.

Should something happen to this packet, it may also be found under "Parent Resources" on the school website. Please ensure that your child completes this packet prior to the first day of school. Thank you and have a wonderful summer!

Sincerely,

The Third Grade Teachers

Be joyful always; pray  
continually; give thanks in  
all circumstances, for this is  
God's will for you in Christ  
Jesus.

— 1 Thessalonians 5:16-18

Go and make disciples of all  
nations, baptizing them in the  
name of the Father and of the  
Son and of the Holy Spirit, and  
teaching them to obey everything  
I have commanded you.

— Matthew 28:19-20

For God so loved the world  
that he gave his one and  
only son, that whoever believes  
in him shall not perish but  
have eternal life.

— John 3:16

Then God said, "Let us make  
man in our image, in our  
likeness, and let them rule  
over...all the earth."

— Genesis 1:26

Jesus answered, "It is  
written: 'Man does not live  
on bread alone, but on every  
word that comes from the  
mouth of God.'"

— Matthew 4:4

## ***Magic Tree House Summer Reading***

Dear 3rd Grade families,

With the end of the school year quickly upon us, we know that you are making plans for your child's summer activities. Like most parents, you are aware that while the summer months are a welcome opportunity for fun and relaxation, the break from school activities often causes students to experience a lag in learning upon returning to school in the fall. This is often referred to as the "summer slide." In an effort to reduce this effect, we have created a summer reading requirement. This requirement's aim is to help reduce the usual summer learning loss by providing assignments and suggestions for students' summer reading.

The guidelines for the program are simple. All students will read at least one Magic Tree House book over the summer. The students will then complete the Magic Tree House packet. **Their report will be due the first day of school. This will be your child's first reading grade of the school year.**

Thank you for your assistance in this important task of maintaining and improving your child's reading abilities over the summer break! We hope that you will enjoy the book!

Happy Reading!
