

"There is more treasure in books than in all the pirates' loot on Treasure Island." - Walt Disney

Dear Parents and Students,

Reading is one of the most important habits one can develop and the one shared most by high achievers. Numerous studies have shown that students who read in the summer perform better in the fall.

Students entering fourth grade are to choose a **fiction chapter** book. After reading the book, they will follow the directions to create their book report "sandwich". Students should use their **best handwriting** when completing this report. Answers should be in **complete sentences**. All **illustrations** must be **colored**. **No stick figures** should be drawn. When the "sandwich" is complete, it should be **fastened together**.

These yummy "sandwiches" are due the **first day of school**. The students will present their reports to the class.

Happy Reading!

The Fourth Grade Teachers

Remember: The sandwich must be colored, cut apart, and fastened together.

Name: _____

Book Report Sandwich

*Select a book for your 1st quarter book report. After reading the book completely, you may begin creating your book sandwich!

1. Write the book title, author, illustrator (if there is one), and your name on the BREAD top.
2. Write a one-paragraph summary of the book on the LETTUCE.
3. Describe or draw the book's setting on the TOMATO.
4. Describe the main character in one complete paragraph on the MEAT.
5. Write one paragraph about a part of the book that made you happy on the CHEESE.
6. Describe a part of the book that you thought was sweet or sad on the ONION in three to four sentences.
7. Tell what you liked or didn't like about the author's style in one paragraph on the BREAD bottom.
8. Last put your sandwich together. Cut out the parts of your sandwich, organize them in order, punch a hole in a corner, and fasten it all together with string or a metal ring.

Project Due Date: First Day of School

Surrounding the Story

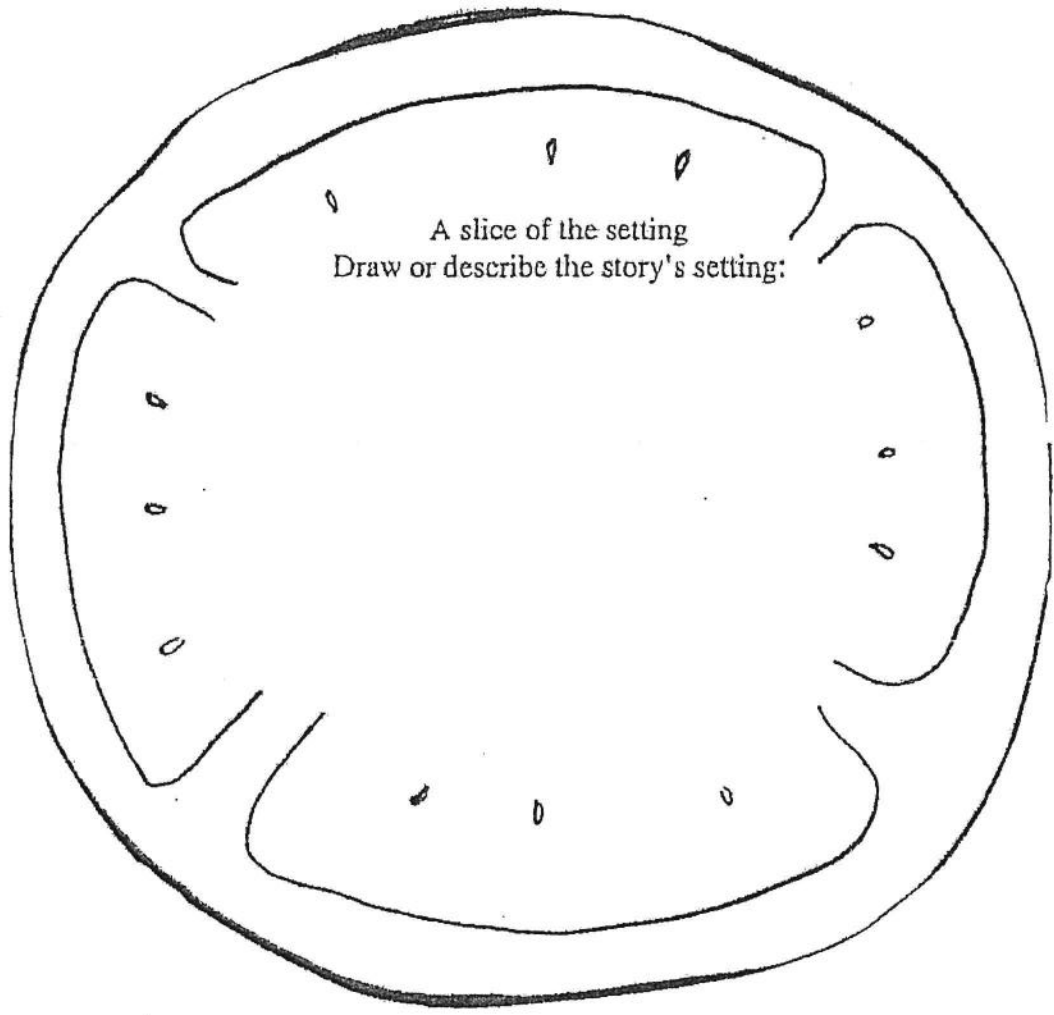

Title: _____

Author: _____

Illustrator: _____

Your Name: _____

Lettuce Summarize the book _____

A slice of the setting
Draw or describe the story's setting:

Who is the meat of the story? Describe the main character:

Was the story sweet or tearful?
What did you think of the book?

A large circle with a thick, multi-lined border. Inside the circle, there are several horizontal lines for writing, providing a space for a response to the questions above.

Tell what you liked or didn't like about the author's style of writing this book.

Summer Math

Getting Ready for Fourth Grade

Keeping our brain sharp over summer is important in order to prevent losing skills that were learned throughout the previous school year. In math, it is so important to practice basic math computation skills, multiplication facts, and division facts.

For summer work, students should complete the attached packet of multiplication facts. These should not be done all at one time but instead a worksheet a day for just a few times a week.

Students should also complete their third grade Simple Solutions workbook pages that were not completed at school.

Remember to keep practicing your multiplication and division facts. Flashcards are a great way to do this.

Have a great summer,
The 4th Grade Teachers
